# Arts & Science Summer Camp

June 7th - Aug 6th

# Summer Camp Activities

This year's summer camp will have a special weekly theme incorporating art, music, science & more!

## Art

Clay, acrylic, watercolor & more! Each week students will get to learn about various artists and recreate their unique styles of art as well as doing other fun creative activities!

## Science/Coding

Students will be doing hands-on activities, basic gardening, experiments, coding, & more!

## Music

Students will engage in musical activities & fun! They will be exploring different instruments, their voices, as well as learning biblical scripture according to the week's theme. During music centers, children will get to choose a mini group lesson of the piano, recorder, or ukelele!

## World Dance

Every Tuesday & Thursday, students will learn some basics of dancing including learning mambo, flamenco & more!

## Spanish

Students will learn basics such as numbers, colors, & letters as well as learning communication and how to incorporate Spanish in our every day learning!

# Schedule

Each week will be based upon a special artist and a theme!
